SECTION A - SUPPLEMENTAL INFORMATION

1. The purpose of this modification is to incorporate Task Order Cross Utilization of Government Property into the basic contract and is applicable to all current and future task orders awarded under this contract. This is to be accomplished at no additional cost to the Government.

(a) Definition: Cross Utilized Property is government property purchased against one task order which is subsequently loaned to another task order on a temporary basis. Cross-utilized property shall remain accountable to the task order against which it was purchased, unless it has been duly transferred to another task order, in which case it will remain accountable to the task order to which it has been transferred.

(b) Risk of loss: Unless otherwise provided in the task order, the task order utilizing cross utilized property assumes the risk of, and shall be responsible for, any loss or destruction of, or damage to, any cross utilized property. However, the task order is not responsible for reasonable wear and tear to Government property returned in a serviceable condition. The utilizing task order will bear all costs, to include operation, maintenance, and or repair, associated with the use of the asset.

(c) Government property disposal: Final disposal activities will be the responsibility of the task order against which the Government property was purchased, unless it has been duly transferred to another task order, in which case it will remain accountable to the task order to which it has been transferred, unless directed otherwise.

2. No additional funding is provided by this modification.

3. All other terms and conditions of this contract remain in full force and effect.
